THE CORNERSTONES

The convictions that define who we are. We bring them into every showroom and onto every site.

BULBO

The tailor of stoneware

01

Every slab is tailored to the wall.

Standardised customisation

02

Made to measure, no surprises.

Zero cutting on site

03

Everything arrives ready. Always.

Affordable luxury

04

You pay for stoneware. You live luxury.

THE METHOD

As simple as wallpaper

The customer picks the graphic on the website, sends the wall measurements, and we cut the slab to size, rescaling the graphic proportionally.

01

Choose the graphic

On the website, among collections and patterns.

02

Send the measurements

Width and height of the wall: that is all.

03

We cut to size

Rescaled graphic, slab ready to install.

CERSAIE 2026 NEWS

Seven new products. Three debut at the fair, four arrive right after.
One logic: BULBO more recognisable and more sellable.

NEW 01

Goodbye 60×120

I have dropped the **60×120** collection: it distorts the essence of the BULBO project. Made-to-measure, large format and rescaled graphics are our DNA: the “price-list format” is not who we are.

Consistency

One single story, no exceptions.

Focus

The entire range on made-to-measure large format.

PART 04

AQUERELLE.
Bathroom furniture.

04

BULBO debuts in bathroom furniture: cabinets rigorously clad in decorated porcelain stoneware. The total look becomes reality.

MIVAR | TWIX | BULBINO | MONOLITH

BULBO
SUPERFICI MAGNIFICHE

Why BULBO enters the bathroom.

Complete solution: walls + furniture, a single point of contact.

Order value ↑: you sell the bathroom, not the cladding.

Aesthetic continuity: cladding and furniture speak the same language.

Customisation: 30 top colours, from the palette of 130.

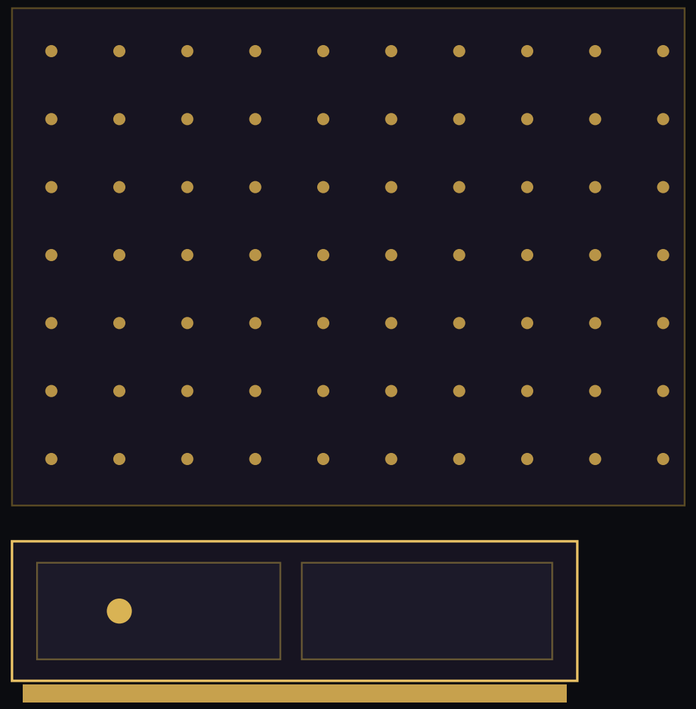

Designers: a single partner for the bathroom project.

Less substitutable: a BULBO bathroom cannot be found elsewhere.

> *From wall to cabinet: one project, one supplier, a higher margin.*

BULBO
SUPERFICI MAGNIFICHE

The total look, in colour harmony.

same decor · same colours

Walls and cabinet in **perfect continuity**: in colour harmony, or with the same decor as the front.

- BULBO wall cladding
- Cabinet clad in decorated stoneware
- 30 top colours & finishes from the palette of 130

> *Same decor, same colours:*
> *the bathroom plays a single note.*

Cabinets clad in decorated stoneware: walls and furniture, same decor, same colours.

30 top colours, from the palette of 130. The total look.

MODEL 01 · ENTRY PRICE

MIVAR

The **entry price** product of the BULBO line. Precise, squared lines, elegant in its simplicity: the front panel clad with a **frame in the door** that emphasises the pattern reproduced on the front.

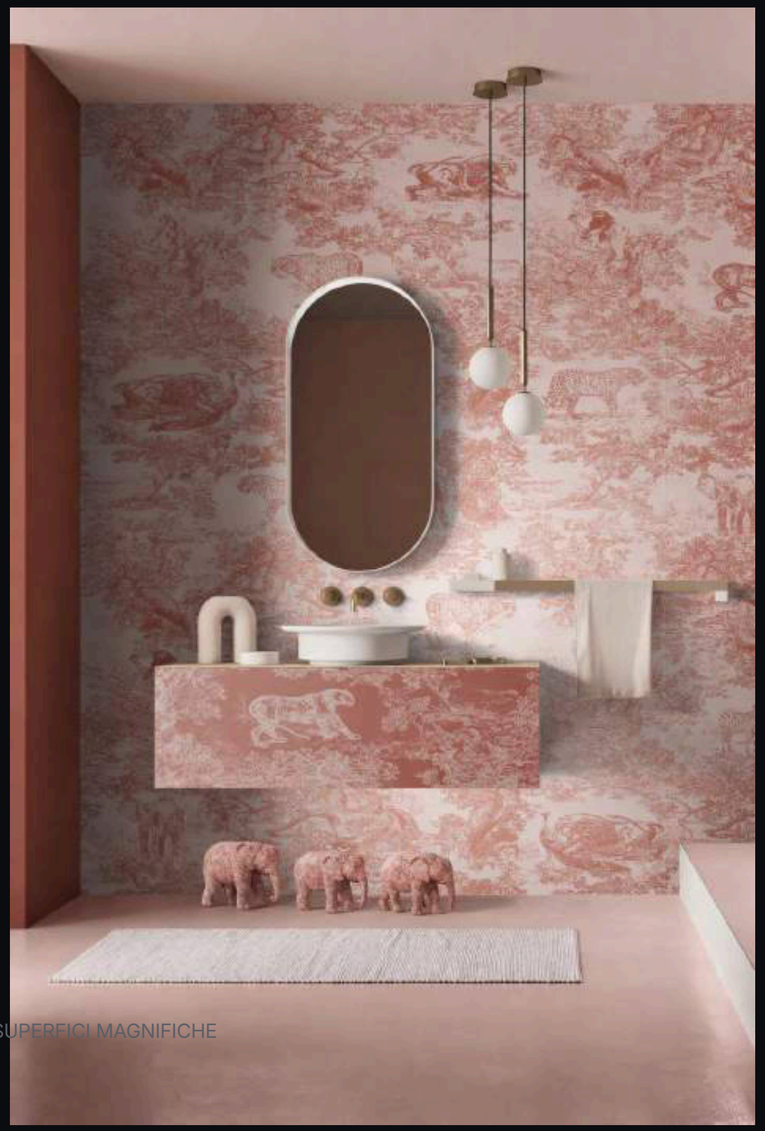

CLEAN LINES · SIMPLICITY

MODEL 02 · PRECIOUS SOUL

TWIX

Exclusive refinement in every detail. The **aluminium-framed door** is the defining element: fine materials, clean and striking lines. Freedom of interpretation and composition shapes new furnishing solutions.

MODEL 03 · BRAND-NEW

BULBINO

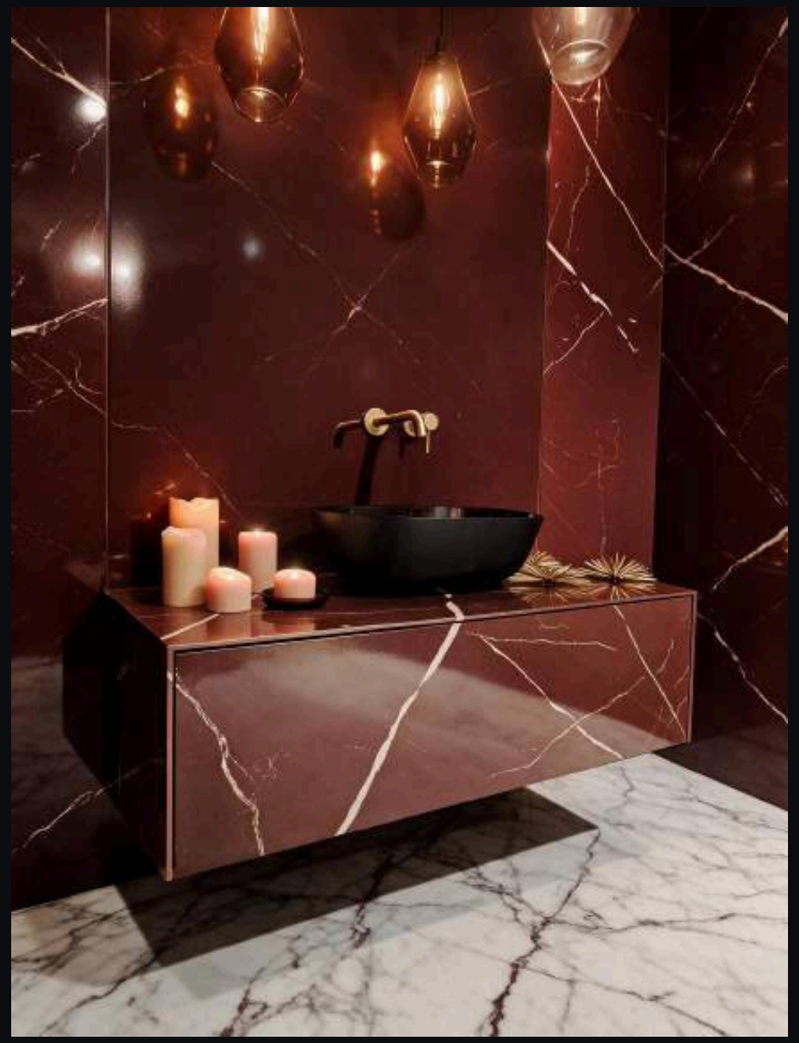

A **curved, sinuous, elegant** cabinet. It represents the absolute novelty of the bathroom world: BULBO is able to decorate and clad the curved surface of the front with a **90° radius**.

BRAND-NEW

MODEL 04 · THROUGH VEIN

MONOLITH

A monolith fully clad **on all sides and on the top** with a graphic of your choice from the BULBO range. The decor is also present on the **edge**, in perfect graphic continuity: the famous **through-vein** effect, as in the reproduction of a marble or a natural material.

MERCHANDISING

The brand does not tell its story, it asserts itself. An identity-driven BULBO corner, the same throughout Italy.

BULBO
SUPERFICI MAGNIFICHE

MERCHANDISING

A corner that strengthens the brand identity — and imposes it

I have created merchandising that makes BULBO **instantly recognisable**. I no longer leave the choice to the customer: a nook, a column, a wall.

THE RULE

Whoever works with us builds the BULBO corner

The same throughout Italy, strongly identity-driven. The customer may also do other things, but the corner is **mandatory**.

- Replicable **identically** across all points of sale
- The rest? **By all means** — but the corner stays BULBO
